

Nature Club (3-7 years)

12 May 2025

Bees

As it's World Bee Day on 20th May, we'll be celebrating the different types of bee we can find in the UK and the important job they do.

9 June 2025

Lifecycles

This month, we will be exploring different animals that go through several changes in their lifecycles, e.g. frogs and butterflies.

14 July 2025

Nature Colours

This month, we'll be exploring all the different colours we can find in nature and why colour is important.

18th August 2025 (TBC)

Water in Nature

This month, we'll be exploring the different types of water found in nature from raindrops to rivers.
