

Little Sparks Science (4-7)

9 May 2025

Floating & Sinking

In this session, we will carry out several experiments finding out why some materials sink and some float.

11 July 2025

Sound

In this session, we will learn about how sound is made and how it travels to our ears, ways we can change sound and make an instrument to take home.

13 June 2025

Chemical Reactions

In this session, we will carry out several experiments finding out why some materials sink and some float.

8 August 2025

Weather

In this session, we will learn about different types of weather and make our own weather, including rain clouds and rainbows.
